# Word check

## Word Check

**Objective:** Work on listening skills / Review vocabulary

**Level:** ADAPTABLE TO ALL LEVELS

**Preparation:** Write a word that you want to review in each oval.

**Materials Needed:** Make 1 copy for every 2 Ss.

- Ss work in pairs. Each needs a different color pen, marker or crayon. For example, one can use a blue pen while the other uses a red pen.
- TE calls out different words from the page.
- Each St competes with his partner to find and mark the oval with his color pen.
- When all words are checked, Ss total how many marks they have on the page.

**Note:** Take advantage and review any problematic vocabulary and / or pronunciation.

**Variations:** Call out the present tense of the verb and Ss search for the irregular past tense, or the past participle.

**Variations:** To increase difficulty, write a few misspelled words. If Ss mark these words, points are deducted from their score!
